Roll no : 220207

SUMMARY

As a driven 2nd year B-Tech Computer Science and Engineering student with a knack for turning code into innovative and efficient solution, a passion for continuous learning and a track record of academic achievements reflect my commitment to excellence while active involvement in organizations and the blend showcases strong time management and multi-tasking skills. I like to learn by practical experiences gained during projects. Excited to leverage and improvise to contribute to dynamic tech teams and drive impactful transformation.
